The bookkeeping practice set uses a one month accounting cycle for a fictional business (Baldy's Barber Shop) and is a great way for individuals and students to learn and test the bookkeeping skills needed to properly perform the necessary bookkeeping and accounting tasks. This accounting practice set includes 56 transactions for the month of December that the student records in each of the exercises. Each of the bookkeeping exercises requires between 4 and 6 hours to complete.

An SPV is a special purpose vehicle, ie an entity (usually, but not necessarily, a limited liability company) set up for a specific purpose. They are frequently used by large groups of companies in complex financial engineering transactions, with the aim of ring-fencing particular activities from those of the rest of the group.
