AiRTHM is an Airbus service that provides guidance for A380 and A350 operators by offering them optimised maintenance and real-time troubleshooting actions empowered by the MCC (Maintenance Control Centre).

Maintenance Engineering - Customer Services - Airbus
In designing new aircraft, Airbus always seeks the input of customers and those who handle the jetliners on a day-to-day basis. One of the best illustrations of this approach was the global working group established when Airbus designed the A380, which ensured the world's largest airliner's compatibility with airports around the globe from ...
