Introduction. Peter Seibel interviews 15 of the most interesting computer programmers alive today in Coders at Work, offering a companion volume to Apress's highly acclaimed best-seller Founders at Work by Jessica Livingston. As the words "at work" suggest, Peter Seibel focuses on how his interviewees tackle the day-to-day work of programming, while revealing much more, like how they became great programmers, how they recognize programming talent in others, and what kinds of problems ...

Work-at-home coders also need to do their own bookkeeping (or hire it out) and communicate with their clients directly. The good news is, coding is mostly solitary work. Whether you get a coding job you can do from home, work as a self-employed coder, or pick up a full-time job in a physical office, you won't have to interact with people all day long.
