Colin Drury

This is a text for introductory courses on cost and management accounting. It provides coverage of the elementary principles and techniques of costing and management accounting, and concentrates on the typical syllabus of a first year BA course.

Access Free

Colin Drury

For over thirty years, Colin Drury has been at the forefront of helping students learn the key concepts and processes in management and cost accounting through his textbooks. Now in its tenth edition, Management and Cost Accounting has been the leading textbook in the field for three decades, and continues to blend

Access Free

Colin Drury

theory and practice in
language that is clear
and accessible. As well
as covering everything
students need to know
for management
accounting and cost
accounting modules on
undergraduate courses,
or postgraduate students
studying these topics for
the first time, this book
will also help prepare
those taking the

Access Free

Colin Drury

professional accounting
bodies' management and
cost accounting
examinations. The new
edition has been
completely updated to
reflect recent
developments in the
field, and now includes
additional emphasis on
value creation, and links
strategic performance
management more
closely to divisional

financial performance
measurement. An
entirely new chapter has
also been added looking
at the challenges
management
accountants will face in
the future.

The market-leading
European text on
management accounting

Page 36/40

Colin Drury

and comprehensive

authority on all aspects

of the subject has been

streamlined and

substantially redesigned

in its 6th edition to

make it even more

suitable for the needs of

today's student. The aim

of the new edition is to

explain the principles

involved in the design

and evaluation of

management and cost

Access Free

Colin Drury

Accounting information systems. The emphasis in the book is on management accounting systems that will be used for internal decision-making purposes within an organisation, however, cost accounting systems for external reporting are also comprehensively covered. It has been

Access Free

Colin Drury

brought up to date with the latest developments in the subject. Having been made stronger pedagogically with the addition of the answers to the questions and more real-world mini cases, the text brings home the relevance of the subject matter to the real world of business.
