Reflexology is the  
application of correct and  
suitable pressure to  
definitive points and areas  
on the feet and hands (some  
perform it on the ears as  
well). Reflexologists, those  
who perform this alternative  
medical practice, believe  
that these reflex points  
correspond to different body  
organs and systems and that  
pressing them creates

Diabetes according to  
reflexology can be  
controlled with the proper  
use of reflex points. Some  
reflex points found in the  
feet can stimulate and  
balance the functioning of  
the whole body. In a course  
of time, the body can be  
restored. It helps to remove  
the toxins and encourages  
healing.
