NEW YORK TIMES bestselling author James Swanson delivers a riveting account of the chase for Abraham Lincoln's assassin. Based on rare archival material, obscure trial manuscripts, and interviews with relatives of the conspirators and the manhunters, **CHASING LINCOLN'S KILLER** is a fast-paced thriller about the pursuit and capture of John Wilkes Booth: a wild twelve-day chase through the streets of Washington, D.C., across the swamps of Maryland, and into the forests of Virginia.

my lips as I speak. His hugs are tighter... longer. Our fights are more passionate, his jealousy insane. I know it's all in my head... it has to be. things I remember about Ben. His smile and the icing sugar he had on his pancakes. What started out as private jokes between us soon turned into private visits. The quiet man at the back of the crowd. His dry wit made me laugh. His dominant body ruined me forever. He never told me he loved me, until he was leaving. That was five years ago. Things are looking up for me. I met someone, someone special. But Ben is back. I find myself thinking about himmore than I should. No matter how hard my heart is freefalling from my chest. lies? And when is all said and done, are their lives and love Completely safe?

He outbid me, that was our initial interaction. He was cocky, my first impression. Then he stole my heart, I don't even think he noticed. Alastar O'Shea was full of sexual energy, the things he would say, the addictive things he would do. He knew how to make me come undone. He knew how to love me. He was the best experience of my sheltered life. But do you ever really know who someone is? What if the story I know isn't the story at all? I thought I knew him I was wrong.

I wish he was just a Gym Junkie. Because then I could forget him and the way that he made me feel. I've fantasized what it would be like to be with a man like Brock Marx, more than I care to admit. Lately my gym visits have taken on a whole new

meaning. I'm not the kind of girl who does this sort of thing and he's the kind of man that does. He's sexy, dominant and built like a machine. But worse than that, he's witty and intelligent. He makes me feel like the most beautiful woman in the world. Everything I thought I ever wanted doesn't make sense anymore. I wanted him to be another dumb Gym Junkie, the look but don't touch kind. But he's not...and I did. What now?

He is powerful, older and my boss, a lethal combination. Job satisfaction has taken on a whole new meaning. When I lied on my resume, I didn't expect it to matter. I mean any child would love me; I was born to be a nanny. I applied for a position working for a woman, or so I thought. But Julian Masters is definitely all man...the kind you dream of licking chocolate from. The first day was bad. The kids were the spawn of

the devil and I spied through a window and caught him doing something obscene.... and equally fascinating. The second day was worse, he caught me snooping in his bathroom cabinet in my skimpy pyjamas and all hell broke loose. On the third day, I ran over him in a golf cart. And by day four I had decided that I wanted that chocolate...all of it. Melted....on me. But intelligent, widowed Judges don't fall for ditzy nannies. Or do they?
