These early catalogues cover discs produced by record companies for the British market during the acoustic era from 1898 to 1926. In addition to the major record companies, smaller companies are represented such as Aco and Homochord as well as foreign companies such as Odeon and Path é who were producing discs in the UK at the time.

Recording the Classical Guitar charts the evolution of classical guitar recording practice from the early twentieth century to the present day, encompassing the careers of many of the instrument 's most influential practitioners from acoustic era to the advent of the CD. A key focus is on the ways in
