Having heart failure shouldn't stop you getting travel insurance, but you may have to find a specialist company that'll insure you. Read more about travelling with a heart condition. Driving. You may need to tell the DVLA if you have heart failure. Read more about heart failure and driving. Emotions, relationships and sex

~~Heart failure Living with NHS~~

Living with Heart failure means that the heart is unable to pump blood around the body properly. It usually occurs because the heart has become too weak or stiff. It's sometimes called congestive heart failure, although this name is not widely used nowadays.

~~Heart failure NHS~~

Heart block is a condition where the heart beats more slowly or with an abnormal rhythm. It's caused by a problem with the electrical pulses that control how your heart beats. Symptoms depend on which type of heart block you have. The least serious type, 1st-degree heart block, may not cause any symptoms.

~~Heart block NHS~~

A few people saw heart failure as part of growing old and as the result of ordinary bodily 'wear and tear'. Not everyone used the term 'heart failure' to describe their heart problems), which they said they half-expected because of their age (see also 'People's ideas about causes of heart failure'). Last reviewed April 2016. Last updated April ...
