their heads in battle. The metal helmet deflected projectiles and blows in melees. Roman helmets also served a ceremonial purpose, as well as helping highlight the status of wearers of certain helms.

What Is a Roman Helmet?

A galea was a Roman soldier's helmet.

# Download Free Roman Helmets

Some gladiators, specifically myrmillones, also wore bronze galeae with face masks and decorations, often a fish on its crest. The exact form or design of the helmet varied significantly over time, between differing unit types, and also between individual examples – pre-industrial production was by hand – so it is not
