So at its most basic, seller financing just means the seller of real estate waits to get all of his or her sales price. Instead of getting the entire price in cash at closing, the seller carries back part or all of the price using some sort of contract (more on that in the section on Owner Financing Contracts).

*How to Use Seller Financing (aka Owner Financing) to Buy ...*

Owner financing—also called seller financing—can be used to purchase real estate when you can't obtain a traditional mortgage. With a traditional mortgage, you borrow money from a bank to pay for the property and make payments back to the bank to pay off the loan. Owner financing is a financing agreement made directly with the seller.

Offering seller financing will help you move your property faster, get the highest possible price, and create a residual stream of income that beats the pants off a CD! Buy a Home with No Credit or Bank Loan Can't qualify for a bank loan?

> How To Get Sellers To Accept Your Zero Down, No Credit Offers > How To Control Properties With A Simple Document They say you need money to make money, but 30 year veteran real estate investor, Joe Crump says: "If you can't make money with NO money, you probably can't make money WITH money. Yes, it's a bit easier to buy a property if you use cash or if you use loans, but it's NOT any easier to make money. If you make a mistake when you use money and loans, you risk your cash and you risk your credit. None of that is necessary. No money down structures for buying real estate and will show you how to determine which financing structure to use for ANY kind of property. You never need to use down payments or cash to buy properties again. In fact, Joe recommends that you never do a deal if you don't GET cash when you close. Often that means thousands of dollars in your pocket for a few hours of work. Using these structures also means you will never need to use your credit again. No one will ever check your credit score or ask you to verify your income to buy these properties. I know it's hard to believe, but Joe and his students have bought thousands of properties using these techniques over the years and he speaks with expert knowledge about the subject. This book will show you how to buy and sell properties with zero cash or credit and take chunks of cash every time you close a deal. It will also show you how to buy and HOLD properties using the same techniques. I will show you how to build a huge portfolio of property in a very short period of time. You will make money every time you buy a new 'no down payment' property and you will build your passive monthly cash flow with every property you buy. The beauty of this is that you can buy houses or apartments in any area, any price range and any condition. You will also learn how to get a flood of very inexpensive, seller leads who would consider doing these kinds of deals and learn how to make offers to those potential sellers.

In this book, you will learn many different styles of creative seller financing. Seller financing is when the seller of a property makes a loan for a buyer to purchase the seller's property. The outside-the-box application of seller financing is creative seller financing in action. You will learn how to apply the different styles by walking step by step through examples of each type of seller financing. You will learn how to apply the different tools to both residential real estate and commercial or investment real estate. Understanding the tools will give you more facility in completing real estate transactions, resulting in expanded benefits to all parties involved. Said another way, creative seller financing will help you close more deals By the end of this book, you will be clear that you can do any of these types of transaction using creative seller financing

Think you can't afford to invest in multifamily real estate? Now, you can. Discover the best-kept secrets of the two creative, effective financing strategies other investors don't want you to know about: Master Lease Options and Seller Financing. Real estate investor Bill Ham used these strategies to buy his first 400 units without ever stepping into a bank or qualifying for a loan. In Creative Cash, you'll learn step-by-step how to: Buy property without ever stepping into a bank Identify the best emerging markets Find the right deals Analyze and underwrite those deals Make offers and perform due diligence Negotiate successfully Come out ahead with exit strategies for creating wealth !Let Bill show you how to close your next deal with little to no money down using the hottest strategies in real estate-leveraging other people's money to come out ahead.

In the world of real estate investing, two of the most common profit strategies are acquiring rental properties and flipping homes. Unfortunately, most people are not successful using these strategies. In Stop Flipping, Stop Renting, Seller Finance Your Way to Financial Freedom, authors Michael Arch and Erik Saengerhausen present a superior and more profitable strategy for investing: Seller Financing. With chapters such as "Psychology of a Million Dollar Investor," "Why Seller Financing," and "Getting Your Offers Accepted," this extraordinary book teaches you how to purchase homes significantly under market value, renovate them, and then sell them to a qualified buyer with seller financing terms. This allows you to create an income stream without having to deal with the headaches of being a landlord or the challenges associated with flipping homes. This book also interweaves timeless success principles and business philosophies that can be applied to all areas of your life and business. This outstanding resource is an essential addition to the library of anyone interested in real estate investing-as well as retirees looking for a passive income stream not tied to the stock market. In this book the authors talk about real estate notes and how to owner finance a house to create a real estate note. How you can hold that real estate note and or sell the real estate note to a note buyer or private real estate investor. The authors Mike and Erik show you why you should stop flipping houses and stop renting houses and start owner financing those same properties for a better return on your investment. In this book you will learn: How to find houses below market value. How to find note buyers to pay face value. How to create a note you can hold at a bank. How to deal with banks and make them part of your business model. How to service your notes. Dodd Frank Laws and how to stay compliant. How to deal with contractors and make sure you don't get taken advantage of. How to market your property and sell in less than 30 days. The 5 mistakes every investor must avoid. How to get your offers accepted. The 5 Roadblocks to success and how to avoid them. How to set good goals and stay on track. The Ten Core Principles of a million dollar investor. Why seller financing is better than flipping or renting. How to use a financial calculator. All documents needed to owner finance a property. Do credit scores really matter? Debt to income ratio and what it means to you. How to present your mortgage terms to the buyer. Federal mortgage forms and laws. Service after the sale and how it can help your default percentage. The 5 steps to sell a real estate note. Presenting a note to a perspective note buyer. How to become a successful loan servicer. How to find note buyers.

Real Estate Agentscan benefit from a comprehensive understanding of creative financing techniques by learning how to sell more homes, more quickly and to more buyers than ever before. Creative financing is defined as financing that falls outside the standard conventional financing offered by banks and lending institutions. This course is designed to aid you in understanding what types of financing are commonly negotiated and between a buyer and a seller and to provide the information you need to convert these tried and true methods for use in your personal situation. The materials will provide you with a crash course in seller finance that will enable you to customize your negotiations around your specific needs. You will gain the upper hand in any negotiation process by obtaining the knowledge needed to have a full understanding of the perspective of the other party!

Author Mitch Stephen has been a self-employed, creative real estate investor for over 20 years. He bought and sold well over 1,000 houses in his hometown and specializes in "The Art of Owner Financing." He has written two other books centered on his experience in real estate... MY LIFE & 1,000 HOUSES: Failing Forward to Financial FreedomMY LIFE & 1,000 HOUSES: 200+ Ways to Find Bargain Properties This book, MY LIFE & 1,000 HOUSES: The Art of Owner Financing, is an insider's look at a very powerful strategy for building wealth quickly. In this book you're going to learn... How to get paid to build your cash flow. How to generate cash flow without being a landlord. How to get paid six ways on your deals. How to recognize what properties are good to owner finance. How to make money on the properties that aren't good to owner finance. How to find private money for your deals. How to sell notes with little to no discount. ...and much, much more! Tired of being a landlord? Are you tired of all the late night phone calls about leaking toilets, busted hot water heaters, broken air conditioners, and on and on and on? If so, this book is a must read! For years the gurus of the day have been selling us the "Buy & Hold" myth. Most landlords have fooled themselves into thinking they're making money. Year after year would-be-retirees have to postpone their retirement because the rental income they calculated on paper never makes it to their tax return. Mitch can show you exactly why this is happening and how to stop it from happening by using a strategy that is less known and grossly misunderstood. The owner financing strategy changes everything! Change your property's value. Change your community for the better. Change your buyer's life, and change your personal financial situation in the process. All kinds of doors open when we stop using broken down traditional techniques and start thinking outside the box. And best of all, 90% of the deals are done with none of your own money! The strategies in this book are mind-blowing! Mitch believes that real estate investing is a tremendous strategy for acquiring wealth. He has helped new investors find their place; He has helped veteran investors re-invent themselves by BECOMING THE BANK! This exciting new book is in Overized Manual book format. It contains information not found in any business paperback book (to date) except in real estate courses costing hundreds of dollars. For the first time, this type of "inside information" of "subject to" mortgage transactions are being provided to the general public in a professional and realistic way. This book does NOT cater to the "no money down" or "no credit" audience despite the fact that using the "subject to" mortgage financing technique requires no credit. This book is NOT recommended for the beginning investor as the demands for doing "subject to" mortgage transactions require a greater degree of prerequisite knowledge and experience. This book is for the intermediate investor who wishes to expand their financing possibilities in building their own property portfolio. Accompanying the book are supplementary reading material and accompanying support website.

Your practical guide to scoring cash to fuel your real estate investments Want to be a smart, successful real estate investor? This no-nonsense guide contains everything you must know to make the right choices about financing your investments --- from the various options available and the impact on cash flow to the tax implications and risk factors involved. You also get tried-and-true tips for surviving a down market and using current investments to finance future ones. A crash course in real estate financing --- understand standard terms and concepts, learn the various sources of investment capital, and gather all essential facts and figures Weigh your options --- decide which type of financing is best for your circumstances and incorporate it into your real estate investing plan Finance residential properties --- evaluate residential loan programs, navigate the loan application and processing, and handle the closing issues in commercial properties --- know the different property types, choose the one that meets your investment goals, and discover unique sources for financing Tap into unconventional sources --- discover the pros and cons of "hard money," capitalize on seller financing, partner to share risk and equity, and invest on the cheap with no-money-down deals Open the book and find: Real-world advice on financing without tying up all your capital How to get prequalified or preapproved for a loan Questions to ask your lender upfront Ways to avoid common beginner blunders How to protect your personal assets from investment risks Bargain-hunting hints for low-cost loans Strategies for surviving a credit crunch Ten pre-closing steps you must take

A must read for anyone thinking about selling their real estate property. Savvy real estate sellers have been using Seller Financing techniques for as long as real estate has been purchased and sold. Why? Because they have figured out that it is one of the most powerful sales techniques out there. The money that would have been going to the bank now goes to the seller, which boosts their overall return on their sale and provides a steady source of investment income long after the sale of the property. It is a sales method that helps property owners sell for top dollar, defer capital gains, and make their property attractive to buyers no matter what the market conditions are like. In this book you will learn: -How to value your property -How to determine your capital gains -What is Seller Financing -Seller Financing versus 1031 Exchange -How to structure a Seller Financed transaction -How endless the possibilities are with Seller Financing Take control of your property sale and learn how Seller Financing can set you up with income for life.
