## Photography

Setting up lighting for your art studio has to be one of the most

frustrating aspects of being an artist. I only recently got my studio lighting to a point where I am generally satisfied.

Before that it was either too dim, bright, cool, warm or glary. It has been no easy task

# Download Ebook Studio

getting to this point.  
Hopefully this post  
will save you some  
frustration in setting  
up your art studio  
lighting.

BLICK Art Materials  
In Your Art Studio

Natural light, often referred to as full-spectrum light, is generally considered the best illumination to work under.

Unfortunately, the term “ full-spectrum lighting ” has no fixed definition.
