It is the first of four novels by Jonathan Dunsky featuring Adam Lapid, a private detective in post-Independence Tel Aviv. (By first, I mean that the events it narrates come first in the series. It was actually written third.)

Private Investigations Book One and Two By: Darryl C. Vickers Book One: Private Investigations revolves around the world of Sam Aquino, an old fashioned Filipino private detective who relies on his wits, people skills, and if necessary a few tricks up his sleeve to solve some mysterious cases within his local Westlake community. But Sam isn't alone, he's got a diverse community of friends and family to help him because that's what people do. Westlake is a community loosely based on my experiences growing up in my diverse neighborhood in San Diego, Ca. during the 60's and 70's. Things were much different back then. People knew each other, and families weren't limited to blood relatives. There was a sense of community and good will towards everyone no matter what their gender, race, skin color or ability. In Book One, what starts out as Sam ' s frustration with a high tech surveillance firm operating nearby and a case involving the missing daughter of a client, who ' s a close long time friend of Sam ' s asst. ends up intersecting, forcing Sam to use his street smarts and personality skills to gain information to solve a human trafficking case. And that case directly involves members of his extended/blended family, which includes his personal assistant Donna, Sam ' s daughter in-law Christine as well as his college aged granddaughter Megan and her close friends who have detective skills of their own. Mystery, intrigue, suspense, and coincidences are all intertwined

throughout this fast paced adventure featuring multi-generational and multi ethnic characters, who sometimes speak different languages, including many of the female characters who display smart and strong personalities. Book Two: Private Investigations is not only a story about Private Investigator Sam Aquino (an old fashioned Filipino private detective) who goes about investigating his cases within his local Westlake community, but a story about promoting goodwill and diversity that mirrors the world we now live in which consists of many people of diverse cultures, races, economic backgrounds and abilities. Readers will find the world of Private Investigations very different. It concentrates on those human connections. You ' ll find the characters in Private Investigations aren ' t too far from reality and not too much the reader can ' t relate to. Private Investigations celebrates all our differences yet shows how including all of these different traits makes us a very powerful community. All the main characters from Book One are back in Book Two, including Sam ' s granddaughter Megan, her three friends Jennifer, Samantha and Nicole, Christine (Megan ' s mother), Sam ' s assistant Donna Jones, Detectives Harrington and Chambers among others. Only this outing, we dig deeper into their personal lives and some of the issues they ' re dealing with on a daily basis, while also introducing new and potential family members. Readers will be introduced to a whole host of new characters either connected directly or indirectly to PI Sam Aquino, such as Tsunami Football Players, employees of the Nutrition Booster company and Memorial Hospital. District Attorney ' s and members of several law enforcement agencies are also prominently featured. This outing Sam is forced to circle the wagons per se and call

for help when members of his own extended/blended family become exposed and targeted as he continues taking on more cases. Mystery, Intrigue, Suspense and Coincidences is still intertwined throughout Book Two which features many more multi-generational and multi ethnic characters speaking different languages and accents.

Thousands of readers remember with pleasure Oscar Lewis ' s fine book on the Western railroad robber barons, The Big Four. Silver Kings is a companion piece, dealing as it does with the big four of the Nevada Comstock Lode, one of the greatest of all silver mines. These were really fabulous men who led strangely fascinating lives. John W. Mackay (the father of Clarence Mackay), best known of the four, built up the Postal Telegraph and Commercial Cable systems. His wife, Marie Hungerford, for years after her marriage saw little of America, but kept the society of Paris and London agog. James G. Fair was a master mechanic and one of the shrewdest of financiers—of all the Comstock ' s conspicuous figures easily the least admired, a fact of which he was aware and which he regarded with complete indifference. He became a United State Senator and his elder daughter, Tessie, married Herman Oelrichs, then a thirty-seven-year-old bachelor and member of the prominent New York and Newport family. James Clair Flood ' s great mansion atop Nob Hill in San Francisco is now the Pacific Union Club. William S. O ' Brien, Flood ' s partner, was the most shadowy of the quartet. It ' s a rich field that Mr. Lewis has mined, and his story, which never lags, is set against the stunning background of the Virginia City of the
