The economy should recover next year from this year's collapse, supported by the likely easing impact of Covid-19, and fiscal and monetary stimulus. However, Brexit disruption as the UK adjusts to more limited access to the EU market could constrain momentum somewhat.

United Kingdom Economy - GDP, Inflation, CPI and Interest Rate
Public education mattered a great deal more to British economic growth, as did a tradition of industrial and financial innovation, and a free society in which to prosper. Look at the accounting and the magnitudes. Most of British national income was and is domestic. The foreign income was largely a matter of mutually advantageous trade having ...
