The emphasis of the book is on General Hans Von Seeckt, Commander of the German Army in the early 1920s and the major figure behind the maneuver warfare concepts which became Blitzkrieg. Following the end of The Great War the German Army, led by its well educated General Staff, undertook a wide-ranging series of studies on how the war had been fought.

The Roots of Blitzkrieg: Hans von Seeckt and German Military Reform By James S. Corum A superb study of how the German army rebuilt itself after World War I, despite the rigid restrictions imposed by the victorious Allies. Almost 60 committees went to work immediately after the war to digest the lessons of the struggle of 1914-18.

Following Germany's defeat in World War I, the Germans signed the Versailles Treaty, superficially agreeing to limit their war powers. The Allies envisioned the future German army as a lightly armed border guard and international security force. The Germans had other plans. As early as 1919, James Corum contends, the tactical foundations were being laid for the Nazi Blitzkrieg.

Between 1919 and 1933, German military leaders created and nurtured the Reichswehr, a new military organisation built on the wreckage of the old Imperial Army. James Corum traces the crucial transformations in military tactical doctrine, organisation and training that laid the foundations for the Nazi Blitzkrieg.
