The Socratic Paradox And Its

Rather than a strict paradox, the term refers to either of two surprising and unacceptable conclusions drawn from the Socratic dialogues of Plato: (i) the startling consequence of Socrates's association of knowledge and virtue, according to which nobody ever does wrong knowingly; (ii) the view that nobody knows what they mean when they use a term unless they can provide an explicit definition of it. Although this last is sometimes called the Socratic fallacy, this can be regarded as being ...

Socratic paradox - Oxford Reference

In The Socratic Paradox and Its Enemies, Roslyn Weiss argues that the Socratic paradoxes—no one does wrong willingly, virtue is knowledge, and all the virtues are one—are best understood as Socrates ' way of combating sophistic views: that no one is willingly just, those who are just and temperate are ignorant fools, and only some virtues (courage and wisdom) but not others (justice ...

The Socratic Paradox and Its Enemies: Amazon.co.uk: Roslyn ...

In *The Socratic Paradox and Its Enemies*, Roslyn Weiss argues that the Socratic paradoxes—no one does wrong willingly, virtue is knowledge, and all the virtues are one—are best understood as Socrates' way of combating sophistic views: that no one is willingly just, those who are just and temperate are ignorant fools, and only some virtues (courage and wisdom) but not others (justice, temperance, and piety) are marks of true excellence.

The Socratic Paradox and Its Enemies, Weiss

Roslyn Weiss's *The Socratic Paradox and Its Enemies* presents a novel and ambitious interpretation of the familiar Socratic paradoxes: that virtue is knowledge, that all the virtues are one, and that no one does wrong willingly. According to Weiss, the common interpretation of these paradoxes are not really "Socratic" in the sense that Socrates himself holds those views.

The Socratic Paradox and Its Enemies // Reviews // Notre ...

Plato in the second half of his dialogue *Protagoras* investigates Socrates's explanation of that aspect of his philosophy often termed "the Socratic Paradox." Socrates believed that we all seek what we think is most genuinely in our own interest. (Obviously, short-term pleasure or success is often not in our best interest.

The Socratic Paradox by Plato - Lander University

"I know that I know nothing" is a saying derived from Plato's account of the Greek philosopher Socrates. It is also called the Socratic paradox. The phrase is not one that Socrates himself is ever recorded as saying. This saying is also connected or conflated with the answer to a question Socrates or Chaerephon is said to have posed to the Pythia, the Oracle of Delphi, in which the oracle stated something to the effect of "Socrates is the wisest."

I know that I know nothing - Wikipedia

1 is an affirmation to some kind of knowledge and 2 is a denial of ALL knowledge. 1 and 2 contradict each other and so, the paradox. Why would, Socrates, a wise man if history is to be believed, utter a contradiction?

Socratic Paradox - The Philosophy Forum

In this provocative book, Roslyn Weiss argues for a new interpretation of the Socratic paradoxes: no one does wrong willingly, virtue is knowledge, and all the virtues are one. According to the traditional interpretation, Socrates' claim that no one does wrong willingly implies that no one who does wrong recognizes that he does wrong, and thus that *akrasia* is impossible.
