This bundle contains the first three books of the Hunter Elite Series. **Hunting The Past:** Arienna Austin is a girl on a mission. Her family was murdered by vampires five years ago and she has trained long and hard to become a hunter. She finally encounters the nest of bloodsuckers who ruined her life and she intends to exact her revenge on them all. In a horrible twist of fate, she becomes one of the very creatures she ' s been stalking and her entire world is turned upside down. If the hunters who took her in and trained her learn what she has turned into, she will become their next target. A chance encounter with a sexy Scottish hunter changes everything. Connor McAllister is more than he seems. He is a shapeshifter who works for a secret organisation known as the Hunter Elite. Ari is exactly the sort of creature the team needs on their side. That is if the supernatural monster killers allow her to live. She must prove she isn ' t a danger to humans, or she suspects that she won ' t leave their compound alive. **Hunting The Truth:** Ari has a choice to make that could change everything between herself and her ghostly best friend. She must decide whether to tell Jonah about his past, or to let him remain clueless about how he ' d come to be haunting the Hunter Elite ' s mansion. She can ' t predict if the knowledge will set him free, or if it will have dire consequences. When the team visits Spencer Von Hades ' mansion, Ari senses something is very wrong from the moment she steps inside the mysterious house. While none of her friends see anything strange, she knows it is dangerous and potentially deadly. A creepy butler lurks within the halls and he is just as strange as the house itself. When vampires attack several families in one town, Ari and Connor are sent to assist Jake Everett and his hunters to track them down. Bloodsuckers are increasing in numbers and seem to be coordinating with each other. It is unheard of for the undead to congregate and they suspect something terrible is brewing in the supernatural underworld. They need to find out more so they can stop their diabolical plans. **Hunting A Master:** In order to learn more about their adversary, Ari joins Spencer on a secret mission to question a master vampire. Their hope is that the bloodsucker will be able to give them some insights into Morgwen ' s plans. It won ' t be easy to extract the information from their ancient captive, but Von Hades is determined to get the answers they need. He will use Ari as his tool to achieve his ends no matter the cost to her. When the Hunter Elite are sent on their next mission, they encounter a nest of monsters that have never existed before. More and more new creatures are cropping up, but they don ' t know where they are coming from, or how to stop the influx. A disturbing pattern is emerging, but they don ' t have all the pieces to solve this puzzle yet. Even with the chaos that is looming over the horizon, Ari knows she won ' t face it alone. Her bond with Connor has deepened beyond either of their expectations, but it comes with risks. If word about their forbidden relationship spreads throughout the supernatural community, it could result in dangerous repercussions for them both.

Shifter Novel Saturday night is shifter night...It's that one night of the week when the shifters head into Sweetwater to blow off a little steam. Sometimes, when they're lucky enough, it's to find a mate ... a sweet, human mate ... since shifter females are in such short supply. Winston wishes it was his turn to find a partner because he's done with all the screwing around. Done with all the meaningless one-night-stands. He might head into town when it's his turn, but he's staying far away from temptation. He'll wait until his name comes up on the mating list and then he'll settle down. His good intentions are blown to hell when he meets Ana, a timid female struggling with an

event from her past. Who is this beautiful creature? This broken, sad shadow of herself. Winston promises to help her. Hell, they'll help each other. He might have vowed celibacy but he's not dead. Not by a long damn shot. This way, he can spend time with a beautiful female without any expectations and in return, he'll help her get over her fears. Problem is though, friends should not be this attracted to one another. They definitely shouldn't be this intrigued by each other. Keeping his hands off of Ana is becoming an impossibility. Will he be able to let her go when the time comes? Thing is, he's not so sure anymore. Mini-cliffhanger! No cheating with a guaranteed HEA. The Story Contains strong sexual themes/language and is not intended for readers under the age of 18.

An exciting new series from USA Today Bestselling author Charlene Hartnady *The Feral*. Self-appointed rulers of all. Strong. Majestic. The most badass of all the species, and yet, the most vulnerable. Their own females died many moons ago from the dreaded clutch sickness. Desperate and desolate, they watch as the other shifters take human females as mates. They are breeding successfully with them too. Surely if the others can do it, they can too? They must if they are to survive. Human females are afraid of them, not interested in the least. It is clear that *The Feral* must first learn the ways of the humans. The problem is that they have kept to themselves for too long. They don't have the slightest clue where to start. Several keythong are appointed to infiltrate human society. To learn what they can. These particular males are some of those who lost their mates. They are therefore destined to spend the rest of their days alone. Females no longer tempt them, which makes them perfect for this mission. As long as they stick to the plan and the job at hand, what can go wrong? Talon arrives in the big city. It's bright, loud and packed with humans. By scale and by feather, he has no idea where to start. The future of his species rests firmly on his shoulders. Clueless, he enlists the services of a Love Doctor who promises to teach him everything he needs to know about the opposite sex. Vicky is desperate. Ever since her husband ran off with another woman, her business has been in the toilet. Who wants to take advice on love from someone who couldn't keep her own husband happy? No one, that's who. At least, no one in their right mind. On the verge of bankruptcy, a very gorgeous, nut-job of a guy walks through her door. He claims not to be human. Yeah right! Her first instinct is to kick him out. Then he hands her a suitcase full of money. Cash - and lots of it. How can she refuse to teach him everything she knows about women, about love? She can't, that's how. The female laughs at him when he tells her who he is and why he is there. It takes some convincing to get her to agree to help him. She proves to be highly knowledgeable and skilled in the ways of human females. His mate has long since died and yet he is tied to her as if she were flesh and blood. His heart, his body, and his soul belong only to her. Why then does this tiny human doctor tempt him so? How is it that his hunger has reawakened? This has never happened before in the history of *The Feral*. It is wrong, and he must fight against it with every fiber of his being. Contains hot, alpha males and therefore strong sexual themes/language

Every hundred years, tradition dictates that all eligible females in Sweetwater assemble for the choosing ceremony. Two vampire kings have separate territories within the surrounding countryside. Both are eager to pick their future brides. What a waste of her freaking time. Tanya is among the many women at the choosing ceremony. As far as she's concerned it's an outdated, sexist event and if it wasn't mandatory she so wouldn't be here. It's not important that the two males are ridiculously rich and handsome. Deep down she knows a plain Jane like her will never be picked by one of the kings anyway. Many of the women in the town square are stunningly beautiful and model thin. Most seem enthusiastic about being a queen even if it means being mated to a blood sucker, which suits her just fine. Imagine her surprise though when King Brant sets his sights firmly on her. Once a vampire king has decided, there's no going back. But her home is in Sweetwater. Being forced to live amongst the vampire species...big gulp...forced to mate with a vampire...is not what she had in mind for herself. Maybe she can convince him to let her go, to pick again. If not, she'll have to find a way to escape his - very muscled and rather delicious - clutches.

From the bestselling *Chosen Series* Keto is soon to be crowned. He doesn't feel quite ready even though it's a day he's been working towards his whole life.
