With a Little Help from My Friends by John Lennon
"With a Little Help from My Friends" is a song by the English rock band the Beatles from their 1967 album Sgt. Pepper's Lonely Hearts Club Band. It was written by John Lennon and Paul McCartney and sung by drummer Ringo Starr, his lead vocal for the album. As the second track on the album, it segues from the applause of the title track. A subsequent recording of the track by Joe Cocker became a hit single in 1968 and an anthem for the Woodstock era. In 1978, the Beatles' recording, paired with "

RINGO: WITH A LITTLE HELP
This conversation-based approach accelerates language acquisition for EL students and advances academics and social – emotional learning for all. The authors present a research-based pedagogical model to help K –12 teachers modify the way they plan and implement their lessons to better support the linguistic, cognitive, and social – emotional development of culturally and linguistically diverse students. " The authors remind us that we are working too hard in our roles as providers of knowledge and literacy. Rather, a focus on collaborative interactions among students better enables their autonomy, mutual learning, and self-directed paths to meaning and knowledge. The teacher onus is reduced, yet students ' ownership and confidence are bolstered in more socioconstructive and effectual ways. This work is a must read for all educators!" —Socorro G. Herrera, Kansas State University and author of Accelerating Literacy for Diverse Learners " Describes a system of classroom practice that centers on discourse-rich pedagogies. This book makes an important contribution to the growing field of culturally and linguistically sustaining instructional strategies. " —Cory Buxton, College of Education, Oregon State University " The authors ' detailed model for achieving ' joint productive activity ' transforms the mysterious alchemy of " great teaching " into a thoughtful, collaborative, and mindful process all teachers can use to engage students in learning. " —Betsy R. Rymes, Penn Graduate School of Education

In this book, an award-winning journalist tells the story of people devising innovative ways to live as they approach retirement, options that ensure they are surrounded by a circle of friends, family, and neighbors. Based on visits and interviews at many communities around the country, Beth Baker weaves a rich tapestry of grassroots alternatives, some of them surprisingly affordable:
• a mobile home cooperative in small-town Oregon
• a senior artists colony in Los Angeles
• neighbors helping neighbors in "Villages" or "naturally occurring retirement communities"
• intentional cohousing communities
• best friends moving in together
• multigenerational families that balance togetherness and privacy
• niche communities including such diverse groups as retired postal workers, gays and lesbians, and Zen Buddhists
Drawing on new research showing the importance of social support to healthy aging and the risks associated with loneliness and isolation, the author encourages the reader to plan for a future with strong connections. Baker explores whether individuals in declining health can really stay rooted in their communities through the end of life and concludes by examining the challenge of expanding the home-care workforce and the potential of new technologies like webcams and assistive robots. This book is the recipient of the annual Norman L. and Roselea J. Goldberg Prizes for the best project in the area of medicine.

Tells the song-by-song story of the album, shows how each song developed, and provides intimate portraits of the Beatles at their peak

This Random House Reader ' s Circle edition includes a reading group guide and a conversation between Firoozah Dumas and Khaled Hosseini, author of The Kite Runner! " Remarkable . . . told with wry humor shorn of sentimentality . . . In the end, what sticks with the reader is an exuberant immigrant embrace of America. " —San Francisco Chronicle
In 1972, when she was seven, Firoozah Dumas and her family moved from Iran to Southern California, arriving with no firsthand knowledge of this country beyond her father ' s glowing memories of his graduate school years here. More family soon followed, and the clan has been here ever since. Funny in Farsi chronicles the American journey of Dumas ' s wonderfully engaging family: her engineer father, a sweetly quixotic dreamer who first sought riches on Bowling for Dollars and in Las Vegas, and later lost his job during the Iranian revolution; her elegant mother, who never fully mastered English (nor cared to); her uncle, who combated the effects of American fast food with an army of miraculous American weight-loss gadgets; and Firoozah herself, who as a girl changed her name to Julie, and who encountered a second wave of culture shock when she met and married a Frenchman, becoming part of a one-couple melting pot. In a series of deftly drawn scenes, we watch the family grapple with American English (not dogs and hush puppies—a complete mystery), American traditions (Thanksgiving turkey—an even greater mystery, since it tastes like nothing), and American culture (Firoozah ' s parents laugh uproariously at Bob Hope on television, although they don ' t get the jokes even when she translates them into Farsi). Above all, this is an unforgettable story of identity, discovery, and the power of family love. It is a book that will leave us all laughing—without an accent. Praise for Funny in Farsi " Heartfelt and hilarious—in any language. " —Olamour " A joyful success. " —Newsday " What ' s charming beyond the humor of this memoir is that it remains affectionate even in the weakest, most tenuous moments for the culture. It ' s the brilliance of true sophistication at work. " —Los Angeles Times Book Review " Often hilarious, always interesting. . . Like the movie My Big Fat Greek Wedding, this book describes with humor the intersection and overlapping of two cultures. " —The Providence Journal " A humorous and introspective chronicle of a life filled with love—of family, country, and heritage. " —Jimmy Carter " Delightfully refreshing. " —Milwaukee Journal Sentinel " [Funny in Farsi] brings us closer to discovering what it means to be an American. " —San Jose Mercury News

SaraLee Rosenberg's compelling debut novel, told in a warm, wise and endearing voice, is about sisters, mothers and daughters, and loss, sacrifice and love. When Shelby Lazarus returns home to Long Island in the midst of a family crisis, she is forced to face all the issues from which she originally ran away—her mother's untimely death, her father's second marriage, her sister's neuroticism, and her own life's path. When her Jewish mother cannot help but meddle in her daughters' lives from the afterlife, it seems all that Shelby needed was a little help from above. This poignant novel, peppered with some wonderful humour, is sure to hit the heart of the women's fiction market.

Grandude brightens a dreary weekend for his visiting grandchildren, Lucy, Tom, Em, and Bob, by using his magic compass and postcards to take them on adventures around the world.

Friendship is remembering all of those precious girlhood moments we spent with our dearest pals, a variety of shared experiences that helped mold us into who we are today. Heidi Wozniak's friendship-inspired gift book is the perfect token of gratitude for those friends who've been by your side all of these years, through so many ages and stages. Heidi's delicate watercolors blend beautifully with nostalgic prose, creating a perfect gift for the friends who've been there through thick and thin. Because as any good pal knows, the days would be much bleaker if it weren't for a little help from our friends!
