But many know her best for her hugely admired reference books; in addition to co-authoring The World Atlas of Wine, she is editor of The Oxford Companion to Wine and co-author of Wine Grapes. Critically acclaimed as the "woman who makes the wine world gulp when she speaks" (USA Today) and "our favourite wine writer" (Playboy), Jancis was the first person outside the wine trade to qualify as a ...

Few wine books can be called classic, but the first edition of The World Atlas of Wine made publishing history when it appeared in 1971. It is recognized by critics as the essential and most authoritative wine reference work available. This eighth edition will bring readers, both old and new, up to date with the world of wine. To reflect all the changes in the global wine scene over the past six years, the Atlas has grown in size to 416 pages and 22 new maps have been added to the wealth of superb cartography in the book. The text has been given a complete overhaul to address the topics of most vital interest to today's wine-growers and drinkers. With beautiful photography throughout, Hugh Johnson and Jancis Robinson, the world's most respected wine-writing duo, have once again joined forces to create a classic that no wine lover can afford to be without. "The World Atlas of Wine is the single most important

Where To Download World Atlas Of Wine

reference book on the shelf of any wine student." - Eric Asimov, New York Times "The most useful single volume on wine ever published... If I owned only one wine book, it would be this one." - Andrew Jefford, Decanter "Like a good bottle of wine, you'll find yourself going back to it again and again... Perfect for anyone who has a thirst for greater wine knowledge." - Edward Deitch, NBC/today.com "The World Atlas of Wine belongs on your shelf... The essential rootstock of any true wine lover's library. A multi-layered snapshot of wine and how it has evolved." - Dave McIntyre, Washington Post

The San Francisco Chronicle has called The World Atlas of Wine "a glorious book", and now, in its fourth edition, this treasured classic expands its coverage and enhances its beauty, with stunning updated full-color artwork throughout. 1,400 illustrations, 84 photos, 185 maps, 24 charts.

Winner of the prestigious André Simon Drink Book Award The first definitive reference book to describe, region-by-region, how the great wines of Europe should taste. This will be the go-to guide for aspiring sommeliers, wine aficionados who want to improve their blind tasting skills, and amateur enthusiasts looking for a straightforward and visceral way to understand and describe wine. In this seminal addition to the wine canon, noted experts Rajat Parr and Jordan Mackay share everything they've learned in their decades of tasting wine. The result is the most in-depth study of the world's greatest wine regions ever published. There are books that describe the geography of wine regions. And there are books that describe the way basic wines and grapes should taste. But there are no books that describe the intricacies of the way wines from various subregions, soils, and appellations should taste. Now, for the first time ever, you can learn about the differences between wines from the 7 grand crus and 40 premier crus of Chablis, or the terroirs in Barolo, Champagne, and Bordeaux. Paying attention to styles, winemakers, soils, and the most cutting-edge of trends, this book explains how to understand the wines of the world not in the classical way, but in the modern way--appellation by appellation, soil by soil, technique by technique--making it an essential reference and instant classic.

The worldwide bestseller - 1/4 million copies sold 'Written by a World Barista Champion and co-founder of the great Square Mile roasters in London, this had a lot to live up to and it certainly does. Highly recommended for anyone into their coffee and interested in finding out more about how it's grown, processed and roasted.' (Amazon customer) 'Whether you are an industry professional, a home enthusiast or anything in between, I truly believe this is a MUST read.' (Amazon customer) 'Informative, well-written and well presented. Coffee table and reference book - a winner' (Amazon customer) 'Very impressive. It's amazing how much territory is covered without overwhelming the reader. The abundant photos and images are absolutely coffee-table-worthy, but this book is so much more. I think it would be enjoyable for an obsessed coffee geek or someone who just enjoys their java.' (Amazon customer) For everyone who wants to understand more about coffee and its wonderful nuances and possibilities, this is the book to have. Coffee has never been better, or more interesting, than it is today. Coffee producers have access to more varieties and techniques than ever before and we, as consumers, can share in that expertise to make sure the coffee we drink is the best we can find. Where coffee comes from, how it was harvested, the roasting process and the water used to make the brew are just a few of the factors that influence the taste of what we drink. Champion barista and coffee expert James Hoffmann examines these key factors, looking at varieties of coffee, the influence of terroir, how it is harvested and processed, the roasting methods used, through to the way in which the beans are brewed. Country by country - from Bolivia to Zambia - he then identifies key characteristics and the methods that determine the quality of that country's output. Along the way we learn about everything from the development of the espresso machine, to why strength guides on supermarket coffee are really not good news. This is the first book to chart the coffee production of over 35 countries, encompassing knowledge never previously published outside the coffee industry.

This is a fun but respectful (and very comprehensive) guide to everything you ever wanted to know about wine from the creator and host of the popular podcast Wine for Normal People, described by Imbibe magazine as "a wine podcast for the people." More than 60,000 listeners tune in every month to learn a not-snobby wine vocabulary, how and where to buy wine, how to read a wine label, how to smell, swirl, and taste wine, and so much more! Rich with charts, maps, and lists--and the author's deep knowledge and unpretentious delivery--this vividly illustrated, down-to-earth handbook is a must-have resource for millennials starting to buy, boomers who suddenly have the time and money to hone their appreciation, and anyone seeking a relatable introduction to the world of wine.

Wine is now one of the most popular drinks in the world. Many wine drinkers wish they knew more about it without having to understand every detail or go on a wine course. In The 24-Hour Wine Expert, Jancis Robinson shares her expertise with authority, wit and approachability. From the difference between red and white, to the shape of bottles and their labels, descriptions of taste, colour and smell, to pairing wine with food and the price-quality correlation, Robinson helps us make the most of this mysteriously delicious drink.

The world's best-selling annual wine guide Hugh Johnson's Pocket Wine Book is the essential reference book for everyone who buys wine - in shops, restaurants, or on the internet. Now in its 43rd year of publication, it has no rival as the comprehensive, up-to-the-minute annual guide. Hugh Johnson provides clear succinct facts and commentary on the wines, growers and wine regions of the whole world. He reveals which vintages to buy, which to drink and which to cellar, which growers to look for and why. Hugh Johnson's Pocket Wine Book gives clear information on grape varieties, local specialities and how

Where To Download World Atlas Of Wine

to match food with wines that will bring out the best in both. This latest edition of Hugh Johnson's Pocket Wine Book includes a colour supplement on 'Wine Flavour: How, What, Why?'

Bourbon is booming, and this guide will teach you all you need to know. Eric Zandonna - spirits specialist at the American Distilling Institute - explores 140 of the finest bourbons in the world, from the big-name classics to tiny craft distilleries, with flavour profiles and recommendations for the best way to drink each one. Also featuring recipes for 20 classic bourbon cocktails, as well as chapters on the history of bourbon, how the drink is made and the key things you need to understand when buying a bottle, The Bourbon Bible is the ultimate guide to the ultimate drink.

Welcome to your tour of the wine-growing world. Wine has rolled its barrel from the shores of the Black Sea to the mountains of the Andes, following humans and their dreams. But just how did a Pyrenean grape variety end up in Uruguay? And by what means were grapevines able to reach Japan? This book goes back through time to retrace the grape's conquest of the world, stopping in each winemaking country, from the oldest to the most recent, to discover wines past and present, while also looking to the future.
